About This Software

The Bond is a visually stunning VR short about an ancient healer and her connection with all living things - good or evil. Far away, in an alien forest, a TiaMuati and her faithful beast seek out a sacred glade. Here she can connect with the web of life - and see the world through other's eyes. But there's an imbalance - a dark presence. As the forest's guardian she must confront it... and you're coming with her.
